We will only sell our puppies to carefully vetted homes. These are some of the questions we will ask to help us decide if you can offer a puppy a secure, happy future.

1. Do you live in a house with a secure fenced in garden?
2. Do you have a pond in the garden (is it covered over?)
3. Does everyone in the family want a puppy?
4. Have you had a dog before?
5. What breed was/is it?
6. Will there be somebody home for the greater part of the day?
7. Have you thought about costs involved, feeding, vaccination, insurance, grooming, boarding etc.?
8. Have you thought about where you will house the dog?
9. Do you understand how long it takes to house train a dog?
10. Have you investigated puppy training classes?
